Our why

We believe Jesus' life, death and resurrection is good news and everyone should have the opportunity to hear this good news.

This is our core belief – it's why we do what we do.

Our vision

The evangelisation of the nations, the revitalisation of the church, and the transformation of society.

- This is our big-picture, unchanging vision, the world we want to see.

Photo & Video

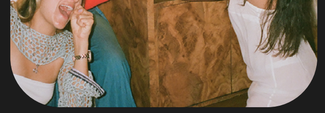
Real Moments

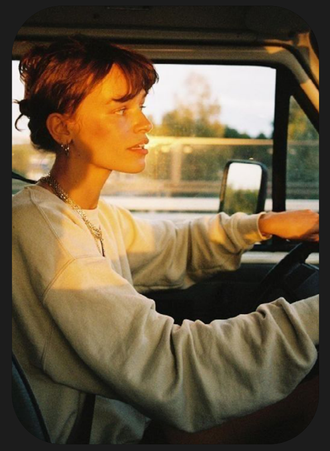
Our imagery captures real, human moments. Think imperfect glimpses of real life, that feel like a snapshot from someone's timeline, gone a second later. We use found footage and analogue styles for an authentic, tactile, down-to-earth tone.

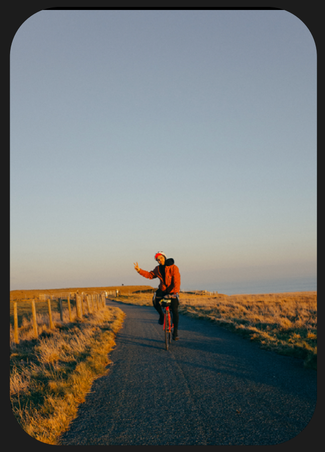
© ALPHA INTERNATIONAL

Photo References

Use this imagery as a guide for framing, treatment, tone, and style. **Please note, these images are for creative reference only.**







© ALPHA INTERNATIONAL

Mood

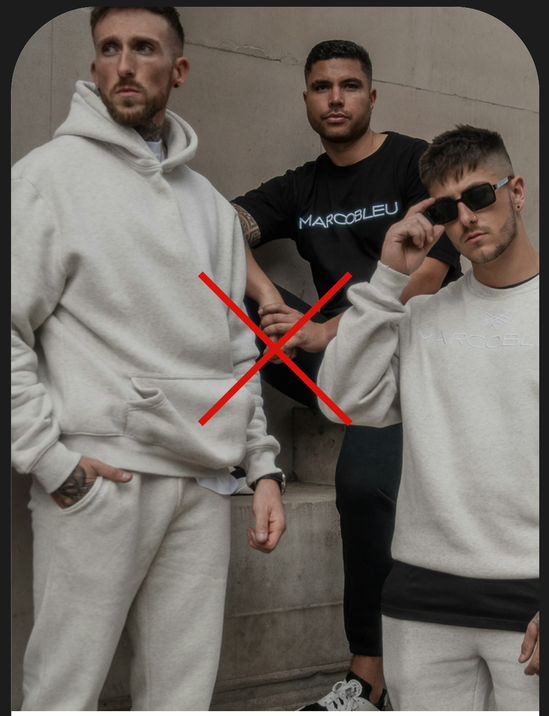
We are authentic and personal, never corporate. Capture youthful energy and emotion that tells a story. Let personality shine through and capture real moments.

Aesthetic

Embrace the imperfect. Framing and focus can vary. When possible use natural light. Inside, opt for hard flash. Add warm tones and soft film grain for a tactile, analogue look.

Subjects

Keep it relatable and relaxed. Show natural, unposed interactions. Capture genuine reactions and emotions. Either observe from a distance or as part of the group.



Do nots

Avoid static posing. Subjects shouldn’t appear self-conscious. Visuals shouldn’t feel polished or slick. Don’t retouch heavily. Avoid scenes feeling exclusive or perfect.
